

KALEB RUDOLPH

Springdale, Arkansas 72763
479-225-3601
kalebrudolph12@gmail.com

SUMMARY

Reliable, detail-oriented individual with hands-on experience spanning engineering, retail, property services, and customer-facing roles. Brings a strong work ethic, efficiency-driven mindset, and proven ability to analyze problems, improve processes, and connect with a diverse team in fast-paced environments.

EXPERIENCE

Truvant

Haslet, Texas

Industrial Engineering Intern (3 Summers)

06/2024 to 08/2026

- Conducted time studies multiple production lines to identify automation opportunities, uncovering line constraints which stemmed from upstream material starvation.
- Built multi-revision Excel financial models and layout drawings to develop an end-of-line automation business case, comparing ROI across multiple scenarios.
- Designed a solution that ramp up time after changeover, increasing machine capacity by getting machines to full utilization more efficiently.
- Analyzed warehouse receiving workflows and pallet space utilization using statistical sampling methods to support space planning decisions.
- Documented process improvement recommendations applying human factors principles to reduce operator error
- Performed a factory acceptance test on a palletizer to qualify the machine for use in our factory.

ZENITH RETAIL

Bentonville, Arkansas

Contracted Planogram Associate

08/2025 to Current

- Design and maintained planograms to organize product layouts, improving visibility and accessibility for customers
- Balanced space planning with product demand data to optimize shelf and display organization
- Ensured layout consistency and accuracy across multiple locations, following brand and company standards
- Applied strong attention to detail to catch and correct placement errors, maintaining a clean, organized presentation

JIMANI RENTALS

Bentonville, Arkansas

Rental Remodels & Landscaping

08/2024 to 05/2025

- Performed property remodels and maintenance, working efficiently under deadlines to prepare spaces for use
- Handled landscaping and groundskeeping tasks, maintaining a clean, welcoming appearance for tenants and customers
- Worked hands-on with tools and physical labor, staying reliable and consistent in a fast-paced, outdoor environment
- Took initiative on tasks with minimal supervision, demonstrating dependability and strong work ethic
- Collaborated with a small team to complete projects on time, communicating clearly to keep work on track

KIDS OUTDOOR SPORTS CAMP

Sacramento, CA

Camp Counselor

06/2023 to 07/2023

- Responsible for a cabin of 8 campers and at times assisted with groups of up to 40 kids
- Helped design an efficient strategy for disassembling and relocating camp to a new location
- Facilitated group problem-solving discussions to build positive relationships among campers
- Only counselor chosen to oversee a new counselor in training

CHAPEL HILL GRACIE JIU-JITSU

Chapel Hill, NC

Gym Attendant

10/2022 to 05/2023

- Managed daily operations at a fitness center, greeting and assisting 100+ members and guests daily while maintaining a clean and organized space

- Implemented an inventory tracking and organization system, including a labeling system for shelving and a consolidated inventory list
- Cultivated professional relationships with new and existing members, fostering an inviting, customer-friendly atmosphere
- Conducted informative tours and sales pitches, driving significant sales of memberships and gear

EDUCATION AND TRAINING

BACHELORS IN INDUSTRIAL AND SYSTEMS ENGINEERING

Expected 05/2028

ASSOCIATE OF ENGINEERING

Received 05/2024

Central Carolina Community College, Sanford, NC

- Achieved an associate's degree in Engineering, Math, and Science while a high school student
- Math Club Member (2022-2023): achieved top five in a math tournament despite being the youngest group to participate

HIGH SCHOOL DIPLOMA

Received 05/2024

Chatham School of Science and Engineering, Siler City, NC

- 4.2 GPA
